**Re: RoHS 3 Compliance**

To whom it may concern,

With regard to the casting and extrusion of aluminum product, Nanshan meets the requirements specified in Article 4 of Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment.

No restricted substances are intentionally added to Nanshan product. Metallic elements are verified with chemical composition testing. This statement is made to the best of our knowledge. This declaration of conformity is issued under the sole responsibility of Nanshan.

Signed for and on behalf of Nanshan America AAT,

Jeremy Johns

Director of Operations

Nanshan America AAT
